**Thesis:** Many times we have tried to do things our way. We rationalize our behavior and enlist the help of others in our disobedience to God, but God can always meet our desires better than we can. And He will always accomplish His plan.

1. Man made religion is disobedience to God's commands (vs. 1-4).

2. God meets all our religious desires (vs. 5-8).

3. God's plan for humanity includes diversity (vs. 9).
