Thesis: The Gospel gives us clarity in the church about what we should hold on to and what we should fight against.

We should hold on to love (vs. 18).

While holding on to love, we must fight against false doctrine.

While holding on to love, we must fight against disunity in the church.

We should hold on to faith and a good conscience (vs. 19).

While holding on to faith and a good conscience, we must fight against a shipwrecked faith.

We should hold on to hope (vs. 20).

While holding on to hope, we must fight for reconciliation.
