**Thesis:** The truth about God is under attack. The devil has always been scheming to try and get us, along with the whole world, to deny the truth about God. If he can deceive us, he can use his two biggest weapons against us: fear and doubt. But we have the truth about God and His Word proves that His Son Jesus Christ is the Messiah, the King who has blessed the whole world. You and I must know the Truth so that we can fight the schemes of the devil.
