**Thesis:** The foundation of the Christian life is the spiritual realities that are ours in Christ. We must stop and consider these realities in order to realize the unity and humble service that is made tangible in our lives.

### **1. Spiritual realities in Christ must be expressed in unity and humble service in the church (vs. 1-4).**

#### **Implications:**

How do you view others in our church? Are they worthy of your humble service, or pawns in a game?

### **2. Christ is the ultimate example of these spiritual realities expressed in unity and humble service (vs. 5-8).**

#### **Implications:**

How will you make time to meditate on Christ this week? How can you draw a line from Christ to your life?

**3. God rewards those who express these spiritual realities in unity and humble service to His glory (vs. 9-11).**

**Implication:**

Are you living for the wrong reward?
